WHO WE ARE

A coordinated national Biosafety and Biosecurity network

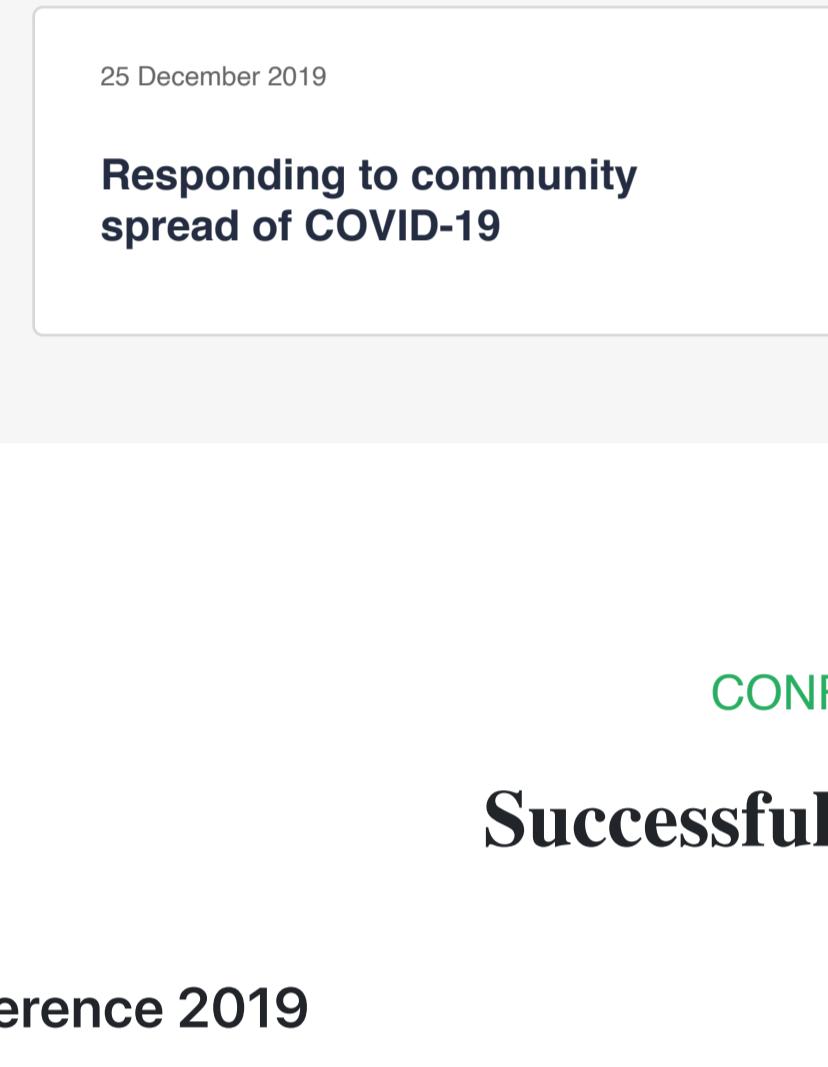

The establishment of the Society was initiated in August 2011 (<http://virtualbiosecuritycenter.org/blog/op-ed-enhancing-biosecurity-and-biosafety-in-bangladesh>) as a professional society to foster best and sustainable Biosafety and Biosecurity practices in Bangladesh considering the current situation of infectious diseases outbreaks and increasing demands for research and diagnostics of these disease-causing agents. Virtual Biosecurity Center (VBC) and Biosafety Biosecurity International (BBI) supported the initiation of the activity regarding the formation of the Society. icddr,b played the key role organizing and hosting all those activities.
